1. BACKGROUND

Cannabis and hemp have a long history in South Africa, with indigenous communities using cannabis for medicinal, spiritual, and cultural purposes for centuries. In recent years, there has been a growing interest in the economic potential of cannabis and hemp cultivation in South Africa, driven by changing regulatory frameworks and increasing recognition of the benefits of these crops. In 2018, South Africa made a landmark decision to legalize the personal use and cultivation of cannabis for adults in private spaces, following a ruling by the Constitutional Court. This decision opened opportunities for the commercial cultivation, processing, and sale of cannabis products in the country.

Hemp, a non-intoxicating variety of the cannabis plant, has also gained attention for its industrial applications, including fiber production, construction materials, textiles, biofuels, and medicinal products. Hemp cultivation is legal in South Africa, and there is a growing interest in harnessing the economic potential of this versatile crop.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. Take all reasonable steps to prevent such abuse;
 - b. Reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. Cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
